EDUCATION

The University of Texas at Austin BBA, Management Information Systems Major
Finance Minor, Computer Science Certificate

TECHNOLOGIES

Computing Languages: Python, SQL (Postgres), JavaScript, TypeScript, Swift, Bash, PowerShell, R, C#, HTML, CSS, Scratch

Frameworks: React, Node.JS, Express, Next.JS, ASP.NET, SwiftUI, UIKit

Tools and Libraries: Git, Github, Jira, Looker Studio, Tableau, GCP, Azure, AWS, Lucidchart, Figma, Rstudio, Xcode, NumPy, Pandas, Matplotlib, VS Code, Visual Studio, Excel, Claude Code, Codex, NotebookLM, ElevenLabs, Firebase, HuggingFace, Jupyter

EXPERIENCE

Gatherly – Co-Founder; Austin, Texas May 2026 – Current

- Co-founded fintech Web App platform using Next.js and TypeScript to automate alumni donations for 5+ student organizations
- Designed a scalable PostgreSQL database with Supabase and Prisma ORM, utilizing Mermaid ERDs for data modeling efficiency
- Integrated Stripe API for secure payment processing and Clerk for authentication, ensuring a seamless, secure user experience
- Led full-stack development and deployment, leveraging Node.js, AWS S3 storage, and Postman for rigorous API functionality

Google – Google Search Priority User Program; Remote April 2026 – Current

- Beta-tested experimental AI-driven search features, including intent-first search and Search Live for Gemini 3.5 Flash
- Advocated for human-centered design in emerging discovery tools, ensuring features were built with adoptability and functionality

National Science Foundation (NSF) – LDOS Research Data Analytics Lead; Austin, Texas August 2025 – May 2026

- Constructing Python data pipelines and dashboards (Matplotlib, Seaborn, Jupyter) to track \$12M NSF-funded research outputs
- Delivering research data visuals (Looker Studio) and brand marketing presentations, enhancing exposure for 70+ CS researchers

M & Sullivan Co., Ltd – Product Development Intern; Bangkok, Thailand February – May 2025

- Led product wireframe and deliverable timeline for 20+ SE Asian clients, reducing tax reporting cycles by an average of 3 days
- Built back-end OCR app features using NumPy and HuggingFace libraries, achieving 98% data accuracy on 10,000+ documents
- Pitched business plan and software's functionality to 20+ pre-seed investors, successfully raising 1M Baht for app development

Extern – IgniteXL VC Deal-Sourcing and Beats by Dre Branding Strategy Analyst; Remote June – August 2024

- Practiced market sizing and revenue projection Excel techniques for 20+ startups with under \$5M in early-stage seed funding
- Developed 5+ Tableau and RStudio dashboards to visualize Gen Z trends, informing \$1M in consumer insight-led product decisions

PROJECTS

DCluter – CS329E iOS Camera-Roll Cleaning App Spring 2026

- Engineered app on Xcode using SwiftUI, enabling users to declutter their media libraries through swipe-based interface
- Deployed Firebase Authentication and Firestore to manage user registration, login states, and storage of user profile metadata
- Achieved high-performance using PhotoKit and GCD to fetch, group, and process PHAssets on threads while maintaining UI

Money Printer – FIN 372T Quant Research Platform Spring 2026

- Developed suite of built-in trading strategies; Momentum, Value, Mean Reversion, and Stat Arb to augment user investment thesis
- Implemented Claude API to contextualize user's natural-language investment theses into executable quantitative trading signals

Bevo's Bookstore – MIS 333K Full-Stack MVC Website Fall 2025

- Engineered C# ASP.NET MVC e-commerce site using MS Identity and SQL Server to manage role-based access for three user types
- Collaborated on application with 4-person team via GitHub; managed Azure server hosting and SQL Database cloud deployment

ADDITIONAL INFORMATION

Organizations: Delta Sigma Phi, Claude Builder's Club, Greek Life Prayer, BOSS, PAA, UFA, MISA, UT Collective, UT Lead, BookSpring

Languages: Beginner in Spanish, Beginner in Thai

Interests: Product Design, User Journey, Business Automation, Solo Traveling, Eagle Scout, Body Recomp, Siestas, Sak Yants

Work Eligibility: Eligible to work in the U.S. with no restrictions
